GUSTAVO MARDONES

+1 778 678 5151 - Victoria BC, Canada - gustavo.altaner@gmail.com

Motivated and passionate Junior Developer with handson experience in full stack web development. Strong foundation in both front-end and back-end technologies, including Python, Django, JavaScript, React, and database management. Experienced in developing innovative projects, including working remotely for 3UP CONSULTING GROUP SAC on cutting-edge technologies for the local market. Completed a Technician in Programmer Analyst degree and hold multiple certifications that validate my technical skills. Eager to continue learning and grow as a developer in a dynamic team.
